Sir,

With reference to Govt Pro No 11938-9/ED(307--05)-2 of the 19th Instant regarding the selection of a site for constructing a new building for the Normal School at Mysore, -

I have the honor to report that, on a similar requisition from the Executive Engineer, Mysore Division, the subject was placed at the ordinary monthly Meeting held on the 25th April 1906, and it was resolved that a Sub Committee be formed to select a suitable site.

2 The Sub Committee selected three sites as shewn in the accompanying Ferro-type plan, and suggested that the site bordering the Viceroy Road, in the Chamaraj Mohalla, as shewn in the accompanying tracing, is better suited for the location of the Normal School and Students' Homes, there being sufficient land close by for play ground and even for an Experimental Farm

3 The Sub Committee's report was considered at the Meeting held on the 30th Instant, and it was unanimously agreed that the site preferred by the Sub Committee is the best of the three sites and "absolutely more suitable for the purpose" The upper site where the buildings can be constructed

measures nearly two and half acres, and the lower one which can be used as play ground measures also nearly two and half acres.

I have the honor to be,

Sir,

Your most obedient servant,

P. Francisco

Chairman.

SIR

I have the honour to forward herewith a copy of the General Secretary's letter No 13003/20 (307-05)-4 dt of 22-6-1906 to G.O. thereon with a copy of letter No 425 of 31-5-1906 (therein referred to) from the Chairman of the Mysore C. I. T Board regarding the selection of a site for the construction of a new building for the Mysore Normal School, and to request you to be so good as to give me your opinion as to the best of the three sites selected by the C. herewith sent.

I have also the honour to forward herewith for your information a copy of the Sanitary Commissioner's letter on the subject.

I agree that of the three sites that in the Chattanhalli Extension is the best, but I do not think that sufficient space has been reserved. When the scheme is completed the following accommodation will have to be provided.—

a Normal School
a Hindu practising school
a Mahomedan practising School
a Hindu students' Home
a Mahomedan Students' Home.
a Head Masters or Superintendents House

I think that the whole of the sites marked (1) (1) (1) and No 2 should be reserved for the three Schools and the play ground and that the site No (2) should be reserved for the 2 homes and the Superintendent's House.

I have the honour to request that you will be good enough to favour me with your opinion.

I have the honour &c

Sir,

With reference to your letter No 680/20 of the 24th Instant forwarding copies of correspondence regarding the selection of a site for the construction of a new building for the Normal School at Mysore, and asking for my opinion as to the best of the three sites selected for the purpose by the City Improvement Trust Board, I have the honour to inform you, in my opinion, the Chittanhalli site is certainly the best of the three.

2. The question of the area to be reserved for the schools and quarters is one for you to settle in consultation with the Government and the City Improvement Trust Board. The site

marked No 2 is certainly not low enough in all the schools and buildings enumerated by you in the letter under reply
